

Green & Healthy Homes Initiative®

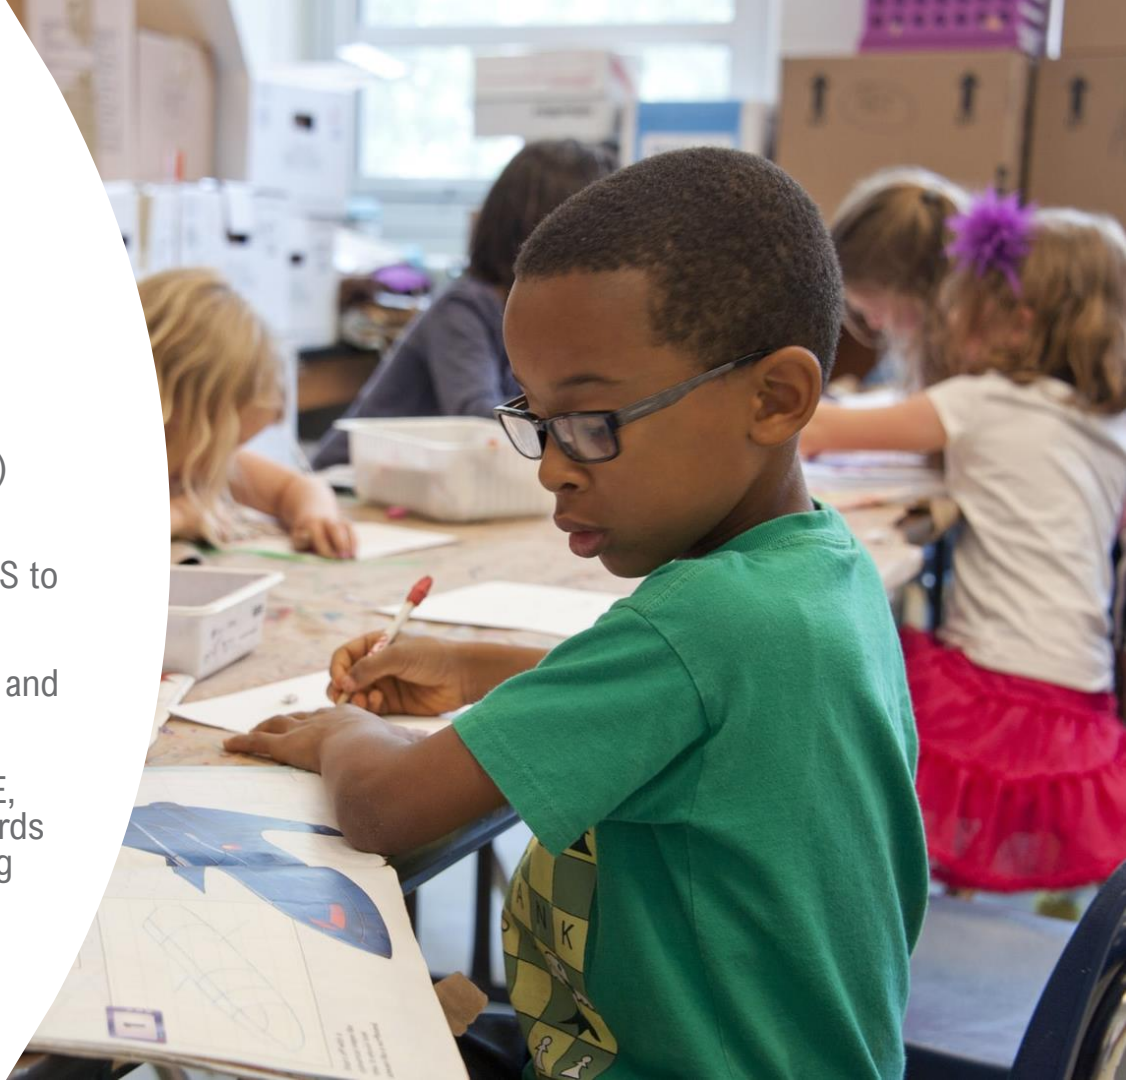

Federal Agency Policy Brief Recommendations

Office of Management and Budget (OMB)

Ruth Ann Norton
President & CEO

Priority Actions (OMB)

- Create a Presidential Task Force on Healthy Homes (first 100 days)
- Renew the work of the Federal Interagency Healthy Homes Work Group (first 100 days)
- To improve efficiency, explore moving weatherization programs from DOE and HHS to HUD
- Incentivize cross-sector efforts at the state and local level in federal grant programs
- Work with relevant departments (HUD, DOE, HHS, EPA) to align income eligibility standards and requirements across social and housing programs, and to streamline eligibility determination processes.

Priority Actions (OMB)

- Work with HUD, along with the Federal Housing Finance Agency, the US Department of Agriculture, the Department of Defense, and the Veterans Administration to require lead hazard risk assessment and remediation of lead based paint hazards, replacement of lead service lines and remediation of lead hazards in soil in all federally owned homes and homes with federally supported or insured mortgages.
- Increase federal investment in addressing lead hazards and other home environmental hazards.
- Establish an Office of Racial Equity and Environmental Justice
- Establish and Office of Climate Change
